Close Your Eyes is an album containing old standards, mostly from the 30's and the 40's, but you will also find some of the beautiful original jazz compositions.

Liv Stoveland has picked some wonderful tunes, some of them sung and played by many, but also some of the almost forgotten pearls.

Liv studied classical music at Agder Music Conservatory and at The Norwegian Academy of Music. She has participated in lot of productions within opera and church music, but has now picked up the things that interested her the most before she started her classical music career: Jazz.

She has got quite an experience as a musician and has got the capacity one needs to be a good storyteller, which she is showing us here on this CD.

The musicians are hand-picked by Liv Stoveland for this production:

Rasmus Solem - piano, Espen Larsen - guitar, Aleksander Gundersen – trumpet, Øyvind Strømer – saxophone, Ole Kristian Kvamme – bass and Arild Nyborg – drums.

The album is recorded at U-lyd Studios
